Forecast for Sunday 06 Jun 2021

Weather: Dry overnight with broken cloud and patchy hill fog. Any early low cloud breaking up soon after dawn and then burning off before mid morning. Good sunny spells through the day, though cloud may build up enough for the odd shower overs the Aberdeenshire Hills.

Chance of cloud free mountain/hill tops above 800m: 60% until shortly after dawn, then rising to more than 95% by mid morning, falling 80% by midnight

Visibility: Locally very poor due to a few banks of low cloud at 500-750m overnight. Once this burns off the remaining very good for the rest of the day. Perhaps some patchy cloud above 750m late evening

Met Office Aberdeen Meteorologist's View
Nothing extra

Forecast for Monday 07 Jun 2021
Weather: Early low cloud burning off in the west but perhaps lingering over the Aberdeenshire and Angus Hills. A mainly dry day with some sunny intervals, but chance of a few showers later.

Maximum wind: Southerly 15-20mph.

Chance of cloud free mountain/hill tops above 800m: 20% at first rising to 60% by afternoon.

Visibility: Good, except above the cloud level, which will be round 600-750m in the morning, this breaking and lifting off tops in the west but some lingering in the east.

Temperature: **Glens:** Plus 7 Celsius peaking at Plus 19 Celsius in the afternoon.
At 800m: Plus 8 Celsius rising to Plus 11 Celsius
Freezing level: Above the summits.
